

## Tamco® Drum Covers

www.tamcoindustries.com

For over 40 years, Tamco Industries® has served as the manufacturing division of United States Plastic Corporation®. Most known for manufacturing rotationally molded tanks, Tamco has expanded its line of products to include fabricated tanks and hoods, injection molded fittings and spigots and extruded tubing. With the ability to customize products, Tamco is dedicated to meeting each customer's individual needs.

Along with efforts to develop new and innovative products for the market, Tamco Industries® continues to provide customers with the quality goods and services they have come to expect from the Tamco® brand.

Tamco® Industries is a division of United States Plastic Corp.®

### DESCRIPTION

These covers protect your drum's contents from dirt, dust, insects, vermin, exterior contamination, etc. They have no ridges, handles, beads, seams, undercuts, channels or anything else to catch dirt or harbor bacteria.

- Molded of a UV stabilized LLDPE
- The natural covers are translucent & all others are opaque
- For steel, plastic or fiber drums
- Heavy duty covers are extra tough & extra rigid
- Covers are loose fitting
- Maximum temperature: 140°F
- Meets FDA standards

### APPLICATIONS

These covers fit many open and closed head drums and barrels, as well as many of our Tamco® 30 and 55 gallon open top round tanks. With a nice flat top, these covers can function as drip trays if flipped upside down. Since they are available in a variety of colors, they can help in meeting the requirements of applications that require color coding.
